**MATERNAL AND NEWBORN HEALTH**

- **Causes of maternal deaths**
  - Unmet need for family planning (5)
  - Antenatal visits for women (6) or no visits (87)
  - Immediate care for neonatal death
  - Contraceptive treatment for malaria (6)
  - Abortion
  - Preterm birth
  - Injuries

- **Causes of under-five deaths**
  - Infection
  - HIV/AIDS
  - Other

- **Coverage along the continuum of care**
  - Health-seeking behavior
  - Skilled care at birth
  - Continuation of ANC
  - Continuation of child care

**INTERVENTION COVERAGE FOR MOTHERS, NEWBORNS AND CHILDREN**

- **NUTRITION**
  - Underweight prevalence
    - Percent children < 5 years underweight for age
  - Exclusive breastfeeding
    - Percent infants < 6 months exclusively breastfed
  - Vitamin A supplementation
    - Percent children 6-23 months receiving vitamin A doses

- **WATER AND SANITATION**
  - Complementary feeding rate
    - Percent children < 5 years underweight for age
  - Immunization
    - Percent population using improved drinking water sources
  - Sanitation
    - Percent population using improved sanitation facilities

**SYSTEMS**

- **Policies**
  - International Code of Marketing of Breastmilk Substitutes
  - New ORS formulas and zinc for management of diarrhea
  - Measles
    - Percent children < 5 years sleeping under ITNs
  - Malaria prevention
    - Percent children < 5 years sleeping under ITNs
  - Pneumonia treatment
    - Percent children < 5 years with suspected pneumonia taken to health provider
  - Diarrhea disease treatment
    - Percent children < 5 years with diarrhea receiving oral rehydration therapy or increased fluids, with continued feeding

**FINANCIAL FLOWS AND HUMAN RESOURCES**

- **Covered expenditure**
  - Per capita total expenditure on health (US$)
  - General government expenditure on health (%)
  - Public health expenditure on health (%)
  - Private health expenditure on health (%)
  - Total expenditure on health (%)

**EQUITY**

- **Coverage gap by wealth quintile**
  - Coverage gap (%)
  - % of population in lowest wealth quintile
  - % of population in highest wealth quintile
  - Difference

**CHARTS**

- **Under-five mortality rate**
  - Total under-five mortality rate (per 1000 live births)

- **Causes of under-five deaths**
  - Death rate (per 1000 live births)

- **Neonatal period**
  - Percent of newborns protected against tetanus

- **Antenatal visit**
  - Percent of women who received antenatal care

- **Water**
  - Percent population using improved drinking water sources

- **Sanitation**
  - Percent population using improved sanitation facilities
