Guatemala

Demography

Total population (000)
14,309
Total under-five population (000)
2,167
Births (000)
467
Birth registration (%)
Total under-five deaths (000)
Neonatal deaths: % of all under-5 deaths
Neonatal mortality rate (per 1000 live births)
Infant mortality rate (per 1000 live births)
Childhood deaths (per 1000 total births)
Total maternal deaths
Lifetime risk of maternal death (1 in X)
Total fertility rate (per woman)
Adolescent birth rate (per 1000 women)

Maternal and Newborn Health

Coverage along the continuum of care

Skilled attendent at delivery

Pre-pregnancy
Pregnancy
Birth
Neonatal period
Infancy

Preventive of mother-to-child transmission of HIV

Immunization

Pneumonia treatment

Epidemiology

Under-five mortality rate

Deaths per 1000 live births

Maternal mortality ratio

Deaths per 100,000 live births

Demographic equity

Socioeconomic inequities in care

Household wealth quintile: Poorest 20% Richest 20%

Demand for family planning satisfied

Antenatal care (4+ visits)
Antenatal care (1+ visit)
Skilled attendent at delivery
*Postnatal care
Exclusive breastfeeding
Measles

Child Health

Immunization

Pneumonia treatment

Wasting prevalence (moderate and severe, %)
Low birthweight incidence (moderate and severe, %)
Introduction of solid, semi solid/soft foods (%)
Vitamin A two dose coverage (%)

Nutrition

Underweight and stunting prevalence

Percent children <5 years who are underweight
Percent children <5 years who are stunted

Exclusive breastfeeding

Percent infants <6 months exclusively breastfed

Developed by Countdown to report on core indicators identified by the UN Commission on Information and Accountability, in support of the Global Strategy for Women’s and Children’s Health

Note: MDG Target calculated by Countdown to 2015

Source: DHS, MICS, Other NS

* See Annex website for indicator definition

Coverage levels are shown for the poorest 20% (red circles) and the richest 20% (orange circles). The longer the line between the two groups, the greater the inequality. These estimates may differ from other charts due to differences in data sources.
