</table>

### Family planning need satisfied

- **2012**: Concealment of pregnancy reported
- **2000**: Contraceptive prevalence rate

### Antenatal care

- **2012**: Most recent ANC visit
- **2000**: ANC visits

### Skilled birth attendant

- **2012**: Skilled attendance at birth
- **2000**: Skilled birth attendance

### Early initiation of breastfeeding

- **2012**: Initiation of breastfeeding
- **2000**: Breastfeeding initiation

### Insecticide-treated bednet - child

- **2012**: Insecticide-treated bednet
- **2000**: Bednet treatment

### DTP3 vaccine

- **2012**: DTP3 vaccine
- **2000**: DPT

### Measles vaccine

- **2012**: Measles vaccine
- **2000**: Measles

### Vitamin A past 6 mo.

- **2012**: Vitamin A past 6 mo.
- **2000**: Vitamin A

### Oral rehydration therapy

- **2012**: ORT
- **2000**: ORT

### Careseeking for pneumonia

- **2012**: Careseeking for pneumonia
- **2000**: Pneumonia care

### Figure 1 - Coverage levels in the poorest and richest quintiles for selected interventions along the continuum of care.

- **Source**: Haiti (DHS 2000 & DHS 2012)
- **Coverage levels**: The horizontal lines connect the richest (yellow circles) and poorest (red circles) quintiles. The longer the line between the two groups, the greater the absolute inequality.
- **Note**: For quintiles with small sample sizes, estimates are not shown in the graphs.

### Figure 2 - Coverage levels in the five wealth quintiles for selected interventions along the continuum of care.

- **Source**: Haiti (DHS 2000 & DHS 2012)
- **Wealth quintiles**: Q1: poorest 20%, Q2: poorest 20%, Q3: poorest 20%, Q4: poorest 20%, Q5: richest 20%

### Figure 3 - Co-coverage of health interventions: percentage of children aged 1-4 years according to the number of key child survival interventions received, by wealth quintile.

- **Source**: Haiti DHS 2012
- **Number of interventions**: The maximum number of interventions for this survey is 9.

### Figure 4 - Composite coverage of selected interventions and corresponding coverage gap (how much is needed to reach universal coverage), by wealth quintile.

- **Source**: Haiti DHS 2012
- **Wealth quintiles**: Q1: poorest 20%, Q2: poorest 20%, Q3: poorest 20%, Q4: poorest 20%, Q5: richest 20%
