**DEMOGRAPHICS**

- Antenatal care
- Percent women aged 15-49 years attended at least once by a skilled health provider during pregnancy

**MATERNAL AND NEWBORN HEALTH**

- Demand for family planning satisfied (%) 13 (2010)
- Antenatal care (4 or more visits, %) 17 (2010)
- Malaria during pregnancy - intermittent preventive treatment (%) 26 (2013)
- C-section rate (total, urban, rural) 1, 1, 0 (2012)
- Neonatal tetanus vaccine 0 (2014)
- Postnatal visit for baby (within 2 days, %) - (2015)
- Postnatal visit for mother (within 2 days, %) - (2015)
- Women with low body mass index (<18.5 kg/m^2, %) - (2015)

**CHILD HEALTH**

- Diarrhoeal disease treatment
- Percent of children <5 years with diarrhoea:
  - Receiving oral rehydration therapy/increased fluids
  - Receiving oral rehydration therapy
  - Treated with ORS

- Malaria prevention and treatment
- Percent children receiving first line treatment among those receiving any antimalarial
- Percent children <5 years sleeping under ITNs

**WATER AND SANITATION**

- Improved drinking water coverage
- Percent of population by type of drinking water source, 2015
- Piped on premises
- Other improved
- Surface water

- Improved sanitation coverage
- Percent of population by type of sanitation facility, 2015
- Improved facilities
- Unimproved facilities
- Open defecation

**POLICIES**

- Laws or regulations that allow adolescents to access contraceptives without parental or spousal consent
- No
- Legal status of abortion (X of 5 circumstances)
- -
- Midwives authorized for specific tasks (X of 7 tasks)
- 2
- Maternity protection (Convention 183)
- -
- Maternal deaths notification
- No
- Postnatal home visits in the first week after birth
- No
- Kangaroo Mother Care in facilities for low birthweight/preterm newborns
- No
- Antenatal corticosteroids as part of management of preterm labour
- No
- International Code of Marketing of Breastmilk Substitutes
- -
- Community treatment of pneumonia with antibiotics
- Yes
- Low osmolarity ORS and zinc for management of diarrhoea
- No

**SYSTEMS**

- Costed national implementation plan(s) for: maternal, newborn and child health available
- No (2010)
- Life Saving Commodities in Essential Medicine List:
  - Reproductive health (X of 3)
  - Maternal health (X of 3)
  - Newborn health (X of 4)
  - Child health (X of 3)
  - Density of doctors, nurses and midwives (per 10,000 population)
  - -
  - National availability of Emergency Obstetric Care services
  - (X of 3)
  - (X of 4)
  - (X of 3)

**FINANCING**

- Per capita total expenditure on health (% of GDP)
- 52 (2013)
- General government expenditure on health as % of total government expenditure (%)
- 4 (2013)
- Out of pocket expenditure as % of total government expenditure on health (%)
- 60 (2013)
- Reproductive, maternal, newborn and child health expenditure by source
  - General government expenditure
  - No Data
  - ODA to child health per child (US$)
  - 14 (2012)
  - ODA to maternal and neonatal health per live birth (US$)
  - 53 (2012)
